The Regional Durable Solutions Secretariat (ReDSS) operationalized the IASC Framework for Durable Solutions for IDPs to develop the ReDSS Solutions framework for displacement affected communities. It comprises the 8 IASC criteria using 31 IASC indicators organized around physical, material and legal safety to measure durable solutions achievements in a particular context. The framework analysis serves as an evidence base to enable relevant stakeholders to work more effectively and consistently in the search and realization of durable solutions. This infographic offers a snapshot in time to assess to what extent local integration for returnees and IDPs in Somalia have been achieved.

**Protection**
- % of refugees who were subjected to physical, psychological or sexual violence in the previous 12 months

**Safety and Security**
