

## SOLUTIONS LOGFRAME FOR EACH OF THE 8 IASC CRITERIA

### GOAL 1: PEOPLE ARE SAFE AND SECURE IN THEIR PLACE OF RESIDENCE

Outcomes	Indicators	Illustrative solution-oriented activities
People's exposure to physical, psychological and sexual violence is limited	% of target population who were subjected to physical, psychological or sexual violence in the previous 12 months	<ul style="list-style-type: none"> <li>Mobilizing communities to protect themselves and each other (community-based protection approach).</li> <li>Supporting local actors to provide response services for people who have experienced violence, with a particular focus on women and children.</li> <li>Advocating for increased freedom of movement for IDPs/refugee/returnees.</li> </ul>
	# of reported cases of physical, psychological or sexual violence that are reported to relevant authorities or community-based groups	
	% of target population feeling unsafe in their place of residence	
	% of target population who report reduced incidence of violence	
People are able to move freely	% of target population facing restrictions on their freedom of movement	<ul style="list-style-type: none"> <li>Raising awareness on the rights of IDPs/refugees/returnees with host community/local authorities.</li> <li>Providing capacity building and technical support to the police and the courts.</li> </ul>
	Existence of laws, policies or informal measures which restrict the freedom of movement of the target group	
People feel safe in their place of residence	% of target population feeling unsafe in their place of residence	<ul style="list-style-type: none"> <li>Peace-building initiatives that engage displaced/returnee populations and host populations.</li> </ul>
	% of target population who were subjected to physical, psychological or sexual violence in the previous 12 months	
	Level of confidence in police and informal/formal justice mechanisms among target population	
	# of police per XX of population	
	# of functioning formal/informal courts per XX of population	
People feel accepted in their place of residence	% of target population feeling accepted in the place of residence	
	% of target population who have experience some form of discrimination/ stigmatization in the place of residence	

## GOAL 2: PEOPLE ENJOY AN ADEQUATE STANDARD OF LIVING WITHOUT DISCRIMINATION

Outcomes	Indicators	Illustrative solution-oriented activities	
People have adequate access to food	Food consumption score	<ul style="list-style-type: none"> <li>Assessing the impact that displacement has had on food security and service provision.</li> <li>Forming/strengthening community-based structures that increase service user engagement and accountability of services providers (e.g. parent-teacher associations, water management committees, community health committees).</li> <li>Providing professional development opportunities for teachers, head teachers and healthcare workers.</li> <li>Providing capacity building and technical support to local authorities to manage health, education and water and sanitation facilities that benefit both the displaced and host populations.</li> <li>Community health education.</li> <li>Support and monitoring of children vulnerable to dropping out of school.</li> <li>Livelihood interventions (see Goal 3).</li> <li>Advocating for equitable access to services for displaced/returnee populations.</li> <li>Advocacy for increased access to national social protection programs, and one-on-one support to individuals seeking to access these programs.</li> </ul>	
	Prevalence of GAM/SAM among target population		
	% of target population who experienced undernourishment in the past year/over the past XX months		
People are able to adequately access water and sanitation services	% of target group with daily access to safely managed and sufficient drinking water		
	% of target group with access to safe toilet facilities		
	Average number of users per functioning toilet		
People are able to adequately access healthcare services	% of target population who used health care services (including mental health care) the last time they needed it in the past 12 months		
	# of functional basic health units/XX population		
	# of functional health centres/XX population		
	# of functional district-rural hospitals/XX population		
People are able to adequately access education services	Primary/secondary school net attendance ratio		
	Out of school rates		
People are able to adequately access national social protection programs	Existence of legal, administrative or discriminatory barriers to accessing national social protection programs		
	% of target population covered under social security schemes (public or private)		

### GOAL 3: PEOPLE SECURE EMPLOYMENT OR ENGAGE IN ECONOMIC ACTIVITY THAT ALLOWS THEM TO BE SELF-SUFFICIENT

Outcomes	Indicators	Illustrative solution-oriented activities
People are not prevented from accessing employment or engaging in economic activity	Existence of legal/administrative obstacles to employment or economic activity	<ul style="list-style-type: none"> <li>Vocational training.</li> <li>Formation/strengthening of small enterprises, including the provision of training on business planning and management, and the provision of business start up kits for small enterprises.</li> <li>Capacity building for farmers through expanding and strengthening agricultural extensions services, exploring the use of farmer field school approaches, and forming/strengthening commodity-based farmer groups.</li> <li>Advocacy addressing legal/administrative obstacles to employment and economic activity</li> </ul>
	Unemployment rate (% of total labour force)	
People are self sufficient	% of target population living below the national poverty line	
	% of population receiving food assistance or cash transfers	
	% of target population who in the last XX months was not able to pay: housing, education, food, healthcare, transport	

### GOAL 4: PEOPLE REALIZE THEIR RIGHT TO ACCESS HOUSING, LAND AND PROPERTY

Outcomes	Indicators	Illustrative solution-oriented activities
Effective and accessible mechanisms for ensuring housing, land and property rights exist	Existence of accessible mechanisms for resolving housing, land and property disputes for target group	<ul style="list-style-type: none"> <li>Raising awareness/training on housing, land and property rights, with a particular focus on women's rights.</li> <li>Supporting individuals to obtain documentation for the land they own/rent.</li> <li>Supporting individuals to reclaim HLP they have lost during the course of displacement.</li> <li>Advocating for people not to be forcefully evicted.</li> <li>Supporting formal and informal authorities to administer land, resolve disputes and issue documentation.</li> </ul>
	Existence of legal/administrative barriers to accessing mechanisms for resolving housing, land and property disputes	
	Level of confidence in mechanisms to ensure access to housing, land and property rights	
People are able to resolve their claims to lost HLP	% of target population with lost HLP who have had their claims resolved	
	% of reported cases of lost HLP which are resolved	
People have secure tenure	% of target population with secure tenure rights to land	
	Existence of legal and administrative barriers to accessing secure tenure rights to land	

## GOAL 5: PEOPLE CAN PROVE THEIR LEGAL IDENTITY AND STATUS

Outcomes	Indicators	Illustrative solution-oriented activities
People have access to mechanisms for obtaining/replacing documents	Existence of accessible mechanisms for obtaining/replacing documents	<ul style="list-style-type: none"> <li>Increasing awareness on the importance of possessing documents.</li> <li>Increasing awareness on the procedures for obtaining documents.</li> <li>Supporting the authorities to conduct mobile registration.</li> <li>Providing support to individuals to obtain legal documents.</li> <li>Enhancing the capacity of the authorities to issue documents.</li> </ul>
	Existence of legal or administrative obstacles to obtaining/replacing documents	
	% of population living with XXkm of registration points for obtaining documents	
People are in possession of documents	% of target population currently in possession of birth certificates, national ID cards or other relevant personal documents	
	% of target population under age 5 whose births are reported registered by the authorities if relevant to the context (SDG aligned)	

## GOAL 6: FAMILIES SEPARATED AS A RESULT OF DISPLACEMENT ARE REUNIFIED

Outcomes	Indicators	Illustrative solution-oriented activities
People are able to access mechanisms that reunite separated family members	Existence of accessible mechanisms to reunite separated family members	<ul style="list-style-type: none"> <li>Monitoring and registering of unaccompanied or separated children (UASC) and vulnerable separated adults.</li> <li>Establishment of referral and response mechanisms for UASC.</li> <li>Supporting the tracing and verification work of specialized actors (e.g. ICRC, UNICEF).</li> <li>Provision of transportation to enable reunification.</li> <li>Provision of follow up assistance and support to help re-establish family bonds.</li> </ul>
	% of target population with household members missing with access to services for separated families and family reunification	
	% of UASC and other vulnerable persons who have been reunified with their families	
The number of UASC and vulnerable separated adults is reduced	% of target unaccompanied and separated children who are waiting for family reunification	
	% of target population with household members missing that have been reunified	

## GOAL 7: PEOPLE PARTICIPATE IN PUBLIC AFFAIRS WITHOUT DISCRIMINATION

Outcomes	Indicators	Illustrative solution-oriented activities
People are eligible to vote and be elected	Existence of legal or administrative obstacles that prevent people from 1) voting or 2) being elected	<ul style="list-style-type: none"> <li>• Advocating for the removal of any legal and administrative obstacles to voting, being elected or participating in public decision-making processes.</li> <li>• Raising awareness among communities on the process for registering to vote and voting procedures.</li> <li>• Building the capacity of the state to run and free and fair elections.</li> <li>• Supporting local decision-making structures to be more inclusive (particularly of displaced persons and women) and responsive.</li> <li>• Ensuring the meaningful engagement of the displacement-affected community in humanitarian and development programs.</li> </ul>
	% of target population registered to vote.	
People are able to participate in public decision-making processes without discrimination	% of target population who believe decision-making is inclusive and responsive	
	Existence of barriers preventing target group from participating in public decision-making processes	

## GOAL 8: PEOPLE OBTAIN REMEDIES FOR HUMAN RIGHTS VIOLATIONS WHICH CAUSED DISPLACEMENT OR WERE SUFFERED AS A RESULT OF DISPLACEMENT

Outcomes	Indicators	Illustrative solution-oriented activities
Mechanisms for obtaining remedies for human rights violations exist and are accessible	% of target population who accessed mechanisms to provide remedies for violations suffered (out of those who needed them)	<ul style="list-style-type: none"> <li>• Advocating for the establishment of mechanisms to provide remedies for human rights violations related to displacement.</li> <li>• Capacity building and technical support to existing formal and informal mechanisms.</li> <li>• Providing support to individuals wanting to access mechanisms for remedies.</li> <li>• Raising awareness generally among the displaced population of procedures for obtaining remedies.</li> </ul>
	Existence of accessible mechanisms that provide effective remedies for violations suffered	
These mechanisms are capable of providing remedies for those who have suffered human rights violations	% of target population who consider that they have been effectively remedied for violations suffered (out of those who accessed mechanisms to provide remedies)	
	% of reported violations (to above mentioned mechanisms) that have been remedied	
	Level of confidence in mechanisms that provide remedies for violation suffered
